

99.9 myFM is recognized by the United Way

Today's Soft Rock 99.9 myFM in Gananoque was one of many organizations recognized with an award from the United Way. "We're extremely proud of our small and mighty team in Gananoque, they exemplify local radio" said myFM President Jon Pole. "It's nice to be acknowledged by our community partners for our work". The United Way of Leeds and Grenville presented myFM's Michael Bartlett with an Outstanding Media Award last night during their Volunteer Appreciation event. Volunteers who helped them raise over \$118,000 during their recent campaign were all invited to the event in Brockville so the organization could thank them for their hard work.
